# INDIANAPOLIS RECORDER

## OUR FUTURE IS POWERFUL VOICES

**In recognition of 125 years of  
excellence, we're celebrating  
Powerful Voices.**

**This program is closing the opportunity gap for black and brown students.  
Find out how you can participate.**

Powerful Voices supports the JAWS program, which helps young students of color begin their career pursuit through all aspects of journalism including mixed media creative arts, broadcast journalism and writing not only with the Indianapolis Recorder, but wherever their careers may take them.

## RAISING THE BAR FOR JOURNALISM

JAWS has helped black and brown students for the last 27 years to develop skills, make industry connections and launch their careers from an early age.

We've launched this fundraising effort to reach more young people and to inspire and invest in these students in minority communities, right here in Indianapolis. The future of our work—not just of the Indianapolis Recorder—but the future of journalism itself depends upon these talented young people,

and they depend on you.

Investing in children in all forms of broadcast media.

We have already seen that investing in our children makes a difference for minority children, but also for the broadcast and journalism industry as a whole. The journalism and broadcast media industry needs distinct and compelling voices, including voices who bring diversity and perspective to the profession.

## SUPPORT FUTURE POWERFUL VOICES.

At Indianapolis Recorder, the last 125 years have been impactful to our whole community, and we want to ensure that we continue on that path of success by investing in youth. The JAWS program develops professional journalism industry skills for children in broadcast media, videography, graphic design, digital media and writing.

Indianapolis Recorder is asking you to join us. Because of mentors, visionaries and donors like you, our future is Powerful Voices.

To donate today please visit:

# Mary Clark

*Executive Director  
International Marketplace Coalition*

It is with great pride that I welcome you to Indy's International Marketplace!

Our 2.5-square mile area—located between Lafayette Road, to North High School Road, and West 30th St. to West 46th St.—is now home to more than 900 ethnic businesses. This includes more than 115 restaurants and 50 markets where more than 100 spoken languages are represented.

Since the inception of the International Marketplace Coalition in the early 2000s, we have worked to revitalize the area formerly known as Lafayette Square. Businesses continue to invest millions of dollars as a commitment to remain in the neighborhood. Additionally, a local developer recently purchased 300 acres of land to further shape our area into a culturally diverse destination featuring major attractions.

As a result of our collaboration with the plethora of immigrant-owned businesses within our area, we created the Passport to Indy's Best Global Cuisine Food Guide. Please review this food guide and savor some of the most authentic and delicious ethnic dishes that Indianapolis has to offer. There is no need to splurge on a plane ticket to immerse yourself in cultural cuisine of Ethiopia, Yemen, India and Peru. These are only a few of the countries represented in the International Marketplace that you will find at your fingertips through the use of this guide.

*In addition to exploring businesses in our area, experience these special events:*

- Taste the Difference Festival & Sister Cities Fest
- International Women's Gathering
- Quarterly Dine-in Series

The success and growth of Indy's International Marketplace is only possible with the hard work and dedication from my team at the International Marketplace Coalition, our Board of Directors, support from elected officials and the efforts of our wonderful volunteers.

Nowhere else in Indianapolis will you find so many ethnic businesses within such a small area. The owners and employees of these restaurants, markets and other establishments contribute jobs, revenue and services that enrich the International Marketplace. Wherever residents of our area come from, they are enthusiastic to meet and serve those with whom they share this community – including you. While using this passport as a guide, you will enter each restaurant as a guest but leave as a member of our family.

We welcome you to travel the world with us and explore what makes the International Marketplace a vibrant and diverse place...

A PLACE TO EAT, A PLACE TO SHOP, A PLACE TO BE.

Mary Clark

# Raju Chinthala

*Board President,  
International Marketplace Coalition*

The International Marketplace Coalition helps more than 900 businesses in a 2.5-mile area on the northwest side of Indianapolis thrive, prosper and grow. Through the nonprofit organization's work, the International Marketplace Coalition continues to foster an environment of economic growth and development where everyone is welcome.

One of the major areas of economic growth is restaurants bringing authentic cuisine from all over the world. There are more than 115 restaurants representing China, Japan, Nicaragua, India, Mexico, Pakistan, Peru, Thailand, Yemen and many more. These restaurants have helped shape the International Marketplace area into the ultimate cultural destination - unlike anywhere else you will visit.

You can travel the world without leaving Indianapolis by simply visiting the International Marketplace. Within one shopping plaza, you can get a taste of the world with authentic cuisine from Cuba, Peru, Mexico and Nigeria. While you're dining, you also have unique options for shopping and entertainment.

On behalf of the International Marketplace Coalition, we welcome you to visit as many businesses in the area as possible. When you visit the International Marketplace, you will realize you have a world of options in Indianapolis, just waiting to be explored.

# IVY TECH: SERVING YOUR COMMUNITY

Ivy Tech Community College Indianapolis looks forward to joining the International Marketplace District in the Summer 2021!

At Ivy Tech, our team is dedicated to helping you reach your goals. We give you more options, more choices and more ways to complete your education to land a high-wage, in-demand job.

## WHAT TO EXPECT IN 2021

- **Automotive Technology Center:** Our new 60,000-square-foot facility will open in the Summer of 2021. This new center will house classrooms, training labs, commons and more for the Automotive Technology program.
- **Enrollment assistance and classrooms:** In the Fall 2021, Ivy Tech will have additional space in the International Marketplace for general assistance and course offerings (beyond Automotive Technology). Check the website below for the latest information.

**IVY TECH**
